Finishes

We offer a wide selection of paint colours in a variety of hues that are applicable to the different ranges. You can request that your kitchen be painted in any number or combination of these colours.

These are our most popular colours and are therefore pre-finished to make them available in a shorter amount of time.

This document is intended only as a guide and, as no picture can accurately convey colour representation it is suggested you examine our products personally before purchase. Only then can you appreciate the detail of each and every component, the finishes applied and the superior quality. If your chosen finish is not on display, we recommend that you order a sample.

Granite

Carved from nature's finest stone, Granite worktops boast remarkable sturdiness and resistance to scratches. The glossy charm and robustness of Granite strike an impeccable harmony between luxury and functionality. Given that no two Granite slabs are identical, each piece is as distinctive as the person who chooses it.

Timber

These solid wood worktops are distinguished by their essential qualities of strength and aesthetic appeal, infusing a one-of-a-kind allure, subtle warmth and personality into any kitchen. The timeless elegance, resilience and natural antibacterial attributes of solid wood ensure that they can withstand the demands of contemporary kitchens and endure for the long haul.

Quartz

Offering a wide array of colours, patterns, and textures, Quartz worktops present a refined, durable and easy-to-maintain choice for kitchen countertops. As a hybrid surface featuring antibacterial attributes, composed of high-quality natural minerals and recycled materials, our Quartz worktops serve as the ultimate focal point for both contemporary and classic kitchens.

Laminate

Designed to replicate the attributes of materials like Quartz and Timber, Laminate offers an excellent substitute for your new kitchen worktops. Known for their exceptional durability and effortless upkeep, laminate worktops provide a pragmatic and budget-friendly choice for your new kitchen.

Corian®

Corian® stands out as an attractive and adaptable composite material, carefully crafted from a fusion of natural minerals and pure acrylic polymer. It boasts a non-porous and exceptionally sanitary quality, with its flawlessly impermeable surface preventing the growth of bacteria and mould. Beyond its impressive hygiene features, Corian® is exceptionally long-lasting and effortless to maintain.

Booking Process

We know how exciting dreaming of your kitchen can be and now, making that dream kitchen a reality has never been more straightforward. With one designated point of contact throughout the process, your skilled designer will lead you through the entire journey, making certain that you have all the necessary support at every stage.

01. Book an appointment

Our design process is built around collaboration and craftsmanship, ensuring that every aspect of your new kitchen is carefully considered and expertly executed. Once you've explored our extensive collection of bespoke kitchens, it's time to arrange a consultation with our creative design team and let us help you find the perfect look for your dream kitchen.

02. Design

Our expert design team, work with you and get to know you to better understand how you use your space and your vision for your new kitchen. Your designer will then create a unique design concept proposal specific to your requirements and work closely with you to refine the design, ensuring every detail is perfect before moving forward.

03. Manufacture

We're extremely proud of the fact that any kitchen designed by us, is made by us, right here in Scotland. Using only the highest quality materials and the latest cutting-edge technology, our craftsmen bring your kitchen to life ensuring your dream kitchen fulfils all of your expectations.

04. Delivery

Once your kitchen has been produced, it will be securely wrapped, protected and delivered on the agreed date from our workshop in central Scotland to your home by our delivery partners.

05. Install

In addition to our supply-only service, we proudly recommend a selection of trusted partners and highly skilled professionals with years of experience in kitchen installations to provide you with an efficient and high-quality installation service.

06. Aftercare

We provide a comprehensive aftercare and maintenance manual to ensure your kitchen maintains its beauty and functionality. Our friendly and helpful customer service team are always on hand to discuss any changes or alterations to your kitchen now and for years to come.
